Health and Safety regulations, and employment
laws are there to protect your employees.

We're here to protect you.

Quite rightly, Health and Safety regulations and employment laws were set up to protect the rights of employees within the workplace. When relationships break down between you and your staff you need someone who understands the laws and regulations fully, someone who can help you.

Why subscribe to PFP HR Plus?

- There are more than 70 reasons why an employee can take you to a tribunal.
- Over 170,000 legal actions - most claiming unfair dismissal, unequal pay or sex discrimination are filed with the employment tribunal service every year.
- Whilst many of these claims are settled out of court, they still cost companies £7,000 on average, mainly to cover lawyer's fees.
- The Health and Safety at Work etc Act 1974 imposes significant statutory duties on all businesses. Employers with five or more employees have to prepare a written statement of general policy with respect to the Health and Safety at work of its employees and must, on demand, be able to show its arrangements for carrying out that policy.
- Helping you provide support for your employees' welfare and so avoiding unnecessary losses of productivity.

PFP HR Plus provides:

- An advice line available to you 24/7, 365 days a year where you can talk to HR, Employment and Health and Safety specialists about any employment or Health and Safety problem - we'll guide and assist you in dealing with your staff and ensure you are compliant with legislation.
- On-line access to employment advice with useful details of current information that will tell you how you handle staff issues from employing through to disciplining, dealing with dismissals or redundancies.
- On-line access to the Health and Safety section will ensure that you are up to date with the legislation that you must comply with and it includes a downloadable document library of the H&S documents that you must have.
- On-line access to the Employee Wellbeing section, which gives you access to an occupational health advice line between the hours of 9am to 5pm, Monday to Friday. This section will also provide useful information on matters that affect employees.
- Legal expenses insurance covers you if the situation arises where a staff dispute is going to tribunal. Your legal fees are paid and awards and out of court settlements are covered.
